## Border Regulations and Visa Applications

If you wish to come to the United Kingdom, either as a visitor or a student, you may need to apply for a visa.

Visas vary according to your age, the length of your stay and your level of English study.

The following visa types are available:

- A. Child Student
- B. Child Visitor
- C. Adult Student
- D. Student Visitor
- E. Prospective Student

The UK operates a points-based system which will decide whether or not you can apply for a visa. You need 40 points in order to apply for a visa. You will obtain 30 points if you have confirmation from the college, university or school that you have been accepted on a course. Your chosen place of studies must be registered on the UK Border Agency list of sponsors. You can obtain a list by clicking on the link below.

You will need to earn a further 10 by demonstrating that you cover the cost of your study fees and living costs. In doing so, you can rest assured that you will avoid financial difficulties while you are studying.

If you wish to extend your study experience in the UK, you will need to pass a further points-based assessment to ensure that you have been accepted on another course and that you can afford to pay the fees and living costs.

To make your UK study experience even richer, you may be eligible for a work and study visa. Getting a job while you are studying can improve your language skills and enhance your CV by showing that you are flexible, team-oriented and well-organised. You will also be able to get a reference from your employer which will help you gain employment in the future. Before accepting a job, you must find out whether your visa allows you to work in the UK, and the maximum number of hours you can work each week from the UK Border Agency. Most UK places of study have a career service which will help you to access job listings, write a CV or application form and prepare for a job interview.

To work in the UK you will need a National Insurance number. This number is used to deduct money from your earnings to fund benefits for the unemployed, incapacitated and retired. To obtain a national insurance number, you will need to attend an interview. You can make an appointment for an interview by calling 0845 600 0643

during usual office hours. You will need to take proof of identity, proof of your right to work in the UK and written proof of your job offer. You may start work before your number is issued as long as your employer deducts the appropriate national insurance contributions from your pay.
